

Sharing Best Practices to Improve Cardiovascular and Diabetes Health

Who We Are

Founded in 2017, the Ohio Cardiovascular and Diabetes Health Collaborative (Cardi-OH) is a statewide initiative of health care professionals who share knowledge to improve health outcomes of Medicaid patients and eliminate health disparities throughout Ohio.

What We Do

Experts at Ohio's seven medical schools identify, produce, and disseminate evidence-based cardiovascular and diabetes best practices to primary care teams.

How We Do It

Best practices resources are available via an online library at Cardi-OH.org, including monthly newsletters, podcasts, webinars, and virtual clinics using the Project ECHO® training model.

Best Practices Resources

Clinical pearls useful in day-to-day practice

News you can use and resources for clinical care teams

ECHO Clinics feature case-based learning for primary care teams

Webinars focused on key topics in primary care with a special focus on cardiovascular and diabetes health

Podcasts with experts discussing timely topics and best practices

Monthly e-newsletter highlighting new best practices content and other timely information about the collaborative
