

Cardi-OH Update

The Ohio Cardiovascular Health Collaborative (Cardi-OH) is a statewide initiative of health care professionals who share knowledge to improve Medicaid patient outcomes and eliminate health disparities across Ohio.

CAPSULE Capsule— NEW!

Capsules provide busy clinicians brief summaries of best practices that are ready to be implemented in clinical care.

Did you know?

Only about 50% of patients are adherent to their blood pressure medication regimens at least 80% of the time.

Spring 2020 TeleECHO Clinic

Cardi-OH has partnered with Project ECHO[®] to support primary care providers to safely and effectively treat cardiovascular disease.

Using simple video conferencing technology and case-based learning, Cardi-OH ECHO creates a unique partnership between community healthcare providers and a team of multidisciplinary specialists

from Ohio's leading medical centers.
