CARDI•OH
Ohio Cardiovascular and Diabetes Health Collaborative

Cardi-OH Update

The Ohio Cardiovascular & Diabetes Health Collaborative (Cardi-OH) is a statewide initiative of health care professionals who share knowledge to improve Medicaid patient outcomes and eliminate health disparities across Ohio.

May 2024 Statewide Webinar: *Register Today!*

*Social Determinants of Health: Implementing
Screening and Taking Action*

Wednesday, May 22, 2024
12 - 1 p.m. ET

1.0 CME credit offered at no cost.

KEYNOTE SPEAKER

Rachel Gold, PhD, MPH
Senior Investigator, Kaiser Permanente Center for
Health Research
Director of Implementation Science Programs, OCHIN

OBJECTIVES

- Understand barriers and facilitators to the implementation of screening for and making referrals to address social determinants of health in primary care settings.
- Learn about current evidence on strategies for decreasing the health impacts of social risk.

Pearls for Clinical Practice

Capsule 43 - Technology as a Tool to Support Diabetes Self-Management

Did You Know?

The Identify, Configure, Collaborate (ICC) framework offers health care providers a standardized approach to help patients choose, use, and benefit from the use of technologies.

Capsules provide busy clinicians brief summaries of best practices that are ready to be implemented in clinical care.

News You Can Use

Current 38 - Elevated Systolic Blood Pressure in Infancy Linked to CVD

Currents provide brief summaries of the latest advances in medicine or clinical practice related to diabetes or hypertension and include links to additional resources.

Congrats to the Cardi-OH ECHO Spring 2024 Cohort!

Health Equity and Cardiovascular Risk

Recognizing the 9 clinical practices that participated in the Spring 2024 Cardi-OH ECHO Clinic:
