About Cardi-OH

Founded in 2017, the mission of Cardi-OH is to improve cardiovascular and diabetes health outcomes and eliminate disparities in Ohio's Medicaid population.

WHO WE ARE: An initiative of health care professionals across Ohio's seven medical schools.

WHAT WE DO: Identify, produce, and disseminate evidence-based cardiovascular and diabetes best practices to primary care teams.

HOW WE DO IT: Best practices resources are available via an online library at Cardi-OH.org, including monthly newsletters, podcasts, webinars, and virtual clinics using the Project ECHO® virtual training model.

Spring 2024 ECHO Wrap-Up Session

Learning Objectives

- Describe strategies to utilize information from the series in patient care for cardiovascular health.
- Provide an overview for the clinic series as a whole and the overall connection to cardiovascular health.
- List a minimum of 2 questions regarding cardiovascular risk management and its relationships to social determinants of health which were not addressed specifically in prior sessions in this series

Questions

- In terms of insurance coverage on medications, is anyone familiar with a program or a reference which presents the insurance industry in an understandable and useful manner?
- How does the history and current state of the insurance industry affect the coverage of medications for our patients?

Thank you!
